# UNDERGRADUATE REGISTRATION PROCESS

---

- Students with a financial or Dean of Students hold will not be able to register.
- Students must meet with their faculty advisor prior to registration to discuss course selection and to receive their PIN. A student’s faculty advisor is listed on your degree evaluation.
- Online registration will proceed by student class attribute.
  - For **full time** students, class attributes are determined by their anticipated year of graduation:

Senior (ASR)	Class of 2019
Junior (AJR)	Class of 2020
Sophomore (ASO)	Class of 2021
First Year (AFR)	Class of 2022

- For **part time** matriculated students, class attributes are determined as follows, by the number of credits earned and in progress:

	College of Arts & Sciences, Dolan School of Business, SOE Computer Science majors	School of Engineering (except Computer Science majors)	Egan School of Nursing
Senior (ASR)	90+	92+	99+
Junior (AJR)	60-89	60-91	64-98
Sophomore (ASO)	25-59	27-59	28-63
First Year (AFR)	0-24	0-26	0-27

For example, a part time DSB student with 54 earned credits who is currently enrolled in 9 credits would be considered a junior for registration purposes, with a total of 63 credits.

- Students should register for all courses on their class registration day and are limited to a maximum of 20 credits. Most courses will be open during the online registration period.
- The University reserves the right to cancel courses for which there are insufficient registration or to change time codes or professors as deemed necessary.
- **If you choose to drop a class and later change your mind, or if you are removed for non-payment, you will *not* be guaranteed a place in the same class.**

## Course Schedules

The live schedule of all courses is available online at [fairfield.edu/registration](http://fairfield.edu/registration) > Browse Classes. The online registration portal contains the most up-to-date information regarding course meeting times, instructors, and enrollment status.

Advanced Search options are available, such as browsing by subject, department, college/school, or attribute. Attribute search is useful for finding courses that fit various criteria, such as diversity requirements, interdisciplinary minors, residential colleges, and service learning.

Administrative staff may also use the Banner report SZRSTRT to print a full list of courses, while advising staff and faculty may use Degree Works or the [Course Search](#) app in Stag Center. [Detailed instructions](#) are available from the Registrar’s Office Forms and Documentation Library via my.Fairfield.

## Degree Evaluation on the Web: Degree Works

All matriculated undergraduate students have a degree evaluation online showing the requirements of their program, including core, majors, and minors. To run a degree evaluation from [my.fairfield.edu](http://my.fairfield.edu), search and click on the Degree Evaluation task:

*Students should print a degree evaluation and bring it with them when they meet with their advisor, or be ready to display it on their personal laptop or tablet device.*

## Directions for Banner 9 Online Registration System

The student registration system is accessed through [my.fairfield.edu](http://my.fairfield.edu). Every student has an account on this system. If a student needs assistance with their NetID or password, they should contact the ITS Help Desk at 203-254-4069.

After logging in to [my.fairfield.edu](http://my.fairfield.edu), click on the Course Registration task:

Please visit [fairfield.edu/xe-registration](http://fairfield.edu/xe-registration) for an overview and highlights of the new registration system.

If a student does not have a computer with Internet capabilities, they can use one in the library, CNS 301, or DSB 107. If a student needs assistance with registration, they should contact the Registrar's Office at [registrar@fairfield.edu](mailto:registrar@fairfield.edu). They *should not* call the ITS Help Desk for non-technical issues.

**Remember, any student with a Financial or Dean of Students hold will not be allowed to register.**

## Independent Study

Independent studies are available in most majors and programs in the College of Arts and Sciences. Students wishing to pursue an intensive research or other academic experience must consult first with a sponsoring faculty member.

## Internships

Internships provide the opportunity for practical experience in a career field related to a student's major. Most departments and programs in the College of Arts and Sciences offer credit for internships in appropriate agencies and business firms in Fairfield, nearby communities, as well as New York City and New Haven. Majors who wish to take advantage of these opportunities should consult their department chair or program internship coordinator about eligibility requirements and other details.

Please visit [fairfield.edu/internships](http://fairfield.edu/internships) for more information.

## New Courses

Several new courses have been approved and will be offered for the first time in Spring 2019. Course descriptions for these and all other courses are available by clicking on the course title in the online registration system.

## Online Courses

All full-time students are eligible to enroll in *one* online course per semester without needing prior Dean's Office approval. First-year students may not enroll in online courses during their first semester.

- Part-time students are not restricted to one online course. Exceptions to the one-course limit for full-time students may be made only in extenuating circumstances and must be vetted through the academic dean.
- Please be aware that some online courses are condensed (typically only seven weeks in duration) and therefore rigorous. Online courses often have irregular start and end dates (sometimes beginning at the halfway point of the semester). As with semester-long lecture-based courses, class enrollment is firmly capped, and availability may be limited.

## Waitlist Courses

The waitlist for courses will be turned on at the beginning of online registration.

- When a space becomes available in a class, the first student on the waitlist will be notified via their University Gmail account with instructions on how to register for the waitlisted class. **Students will have 24 hours from the time the email is sent to register for the class.** If there is a conflict in their schedule, the student will have to resolve that issue before registering for the waitlisted class. If the student fails to register for the class by the deadline stated in the email, they will be removed from the waitlist for that class.
- Waitlists and the process of notifying students will run through Friday, January 11. During this period, the Registrar's Office will not honor permissions from instructors for closed courses. The electronic waitlist will be the only mechanism for filling available openings in closed courses. After January 11, students may register for classes with open seats on a first come, first served basis. During the Add/Drop period of January 22-28, the Registrar will accept permissions from instructors for closed courses with the approval of the appropriate department chair and/or assistant dean.

## SERVICE LEARNING

Service Learning is a kind of experiential education that connects classroom learning with community service. In collaboration with community organizations, students learn about and apply tools of the academic discipline and specific course concepts in their service experiences. This combination enhances academic learning and civic awareness while also providing a meaningful service to and with the community. Course credit and grading are for the learning not for the service. The service activities for the course are similar to the readings, lectures, class discussions and other assignments; all are contexts for student learning.

Courses will appear with the following attributes in the notes column of the schedule of classes:

- SERL** Service Learning: All students in the course are required to participate in service learning.
