Plan Ahead

One of the most exciting features of Banner 9 Registration is the **Plan Ahead** functionality. You can use this feature to create up to five registration plans prior to registration. Then when it's time for you to register, you simply submit your first choice plan and the system will

determine which classes are available. There is no need to enter individual CRNs at time of registration if you PLAN AHEAD!

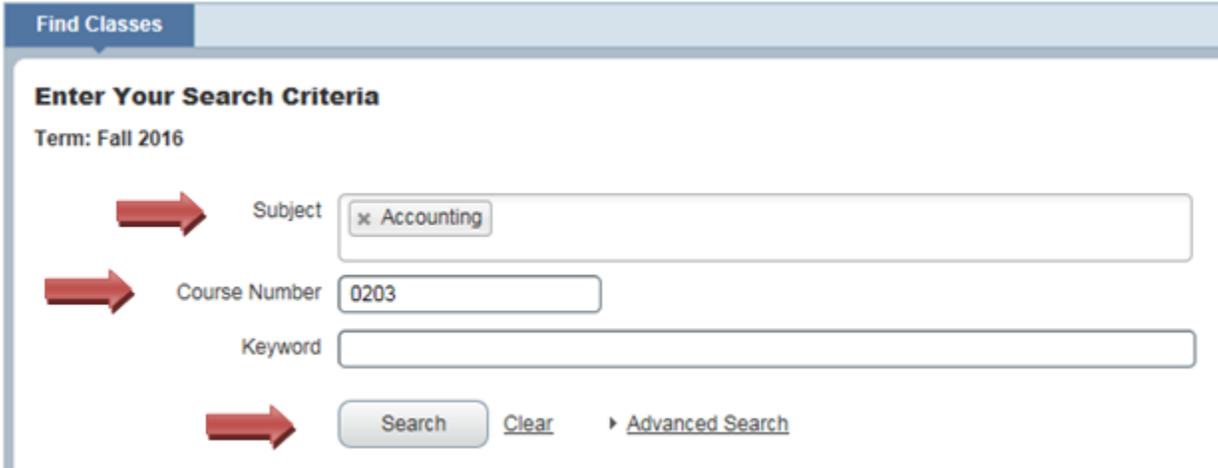

Plan Ahead

Give yourself a head start by building plans. When you're ready to register, you'll be able to load these plans.

To Create a Plan:

1. Click 
2. Select classes. You can use % as a wildcard when searching or you can enter a specific course number. Bubble help guides will assist you on certain fields. Be sure to always include a leading zero when entering a course number (e.g. AC 0203, EC 0011, or RS 0101C).

Conditional Add and Drop

Another helpful new feature is the **Conditional Add and Drop** checkbox. Only want to drop a class if you can register for another? Check this box at the bottom right of the screen and the system will only add/drop for you if there are no issues; if there is a conflict it will not drop the course(s) for which you are already registered!

Conditional Add and Drop

Click and you will be notified in the upper right hand corner of the screen if a course is unavailable to you. You are required to act

on that notification.

Schedule and Options Tab

This tab gives you a customizable view of your schedule and allows you to print or export your schedule as a downloadable .ics file for use with your calendar software. Also on this screen, you can modify the number of credits for certain courses.

Payment Options

Graduate and part time students will receive an email the day after you register with a link to the payment portal. Full time undergraduates will only receive this message during winter and summer intersessions. Full time undergraduates will be billed for fall and spring term tuition and fees.

You must select a payment method within three business days or you may be removed from your registered course(s). If you are removed from your registered courses, there is no guarantee that your chosen courses or sections will have available space if you wish to re-register.

If your intent is not to take the class, it is your responsibility to officially drop the course in order to avoid being held liable for charges associated with the registration.

Waitlist Processing

The waitlist for all courses will be turned on at the beginning of online registration, except for undergraduate “rollout” courses with maximums that are increased incrementally.

When a space becomes available in a class, the first student on the waitlist will be notified via their University Gmail account with instructions on how to register for the waitlisted class. **They will have 48 hours from the time the email is sent to register for the class.** If there is a time conflict in their schedule, the student will have to resolve that issue before registering for the waitlisted class. **If the student fails to register for the class by the deadline stated in the email, they will be removed from the waitlist for that class.**

In order to register for a waitlisted course after receiving a notification that a seat has opened, students must follow the instructions included in the notification email:

1. Log into the Online Registration system.
2. Choose “Register for Classes.”
3. Select the correct Registration Term.
4. In the Summary frame, choose 'Registered/Web' from the drop-down menu that appears under Action.

Conditional Add and Drop i Submit

5. Click Submit.

Waitlists enrollments and the process of notifying students begin after all undergraduate cohorts have registered, and end the week prior to each semester starting. During this period, the Registrar's Office will not honor “write-ins” from instructors for closed courses. The electronic waitlist will be the only mechanism for filling available openings in closed courses. Beginning on the Friday before the semester begins, students may register for classes with open seats on a first come, first served basis. During the Add/Drop period, the Registrar will accept “write-ins” from instructors for closed courses with the approval of the appropriate department chair and/or assistant dean.
